

Economic and Financial Expertise. Unmatched Experience. Worldwide.

Bringing Insight in Economics and Financial Analysis to International Arbitration

NERA Economic Consulting has been central to our clients' success in some of the world's highest-profile disputes, regulatory proceedings, and business challenges. We provide a uniquely rigorous approach to economic and financial damages analysis, helping clients succeed at every stage of the arbitration process. Our unbiased advice and expert testimony, combined with our extensive market and sector experience, enables NERA experts to advise on issues relating to causation, restitution, reparation, valuation, and quantum.
